

Confirmation of Participation

German Savchenko

took part in the online course

Efficient Parallel Programming with GASPI

held at the High-Performance Computing Center Stuttgart (HLRS) from June 01 – June 02, 2026
and attended 13 hours of lectures and exercises on the following topics:

Introduction to the GASPI API

- Execution model
- Memory segments
- One-sided communication
- Collectives
- Passive communication
- Exercise: Hello World
- Exercise: Segments
- Exercise: Communication

GASPI Programming Model

- Dataflow model
- Fault tolerance
- Exercise: Ring Exchange Challenge I
- Exercise: Ring Exchange Challenge II
- Exercise: Ring Exchange Challenge III

The lecturer and trainer was Dr. Daniel Grünewald (Fraunhofer Institute for Industrial Mathematics - ITWM).

Stuttgart, June 02, 2026
